

High Commission of India

Victoria, Seychelles

PRESS RELEASE

Launch of SU-SWAGATAM (Visit India) Mobile App for Indian Visa application

The Government of India has developed a Mobile App **SU-SWAGATAM** on **Google Play Store for Android users** and on **App Store for IOS users** enabling foreigners with online Visa application. It offers facilities right from the visa application stage till their exit from the country. Seychellois intending to visit India for **Business, Medical and Medical Attendant** purpose can use the App currently to fill visa forms (**e-VISA & REGULAR/PAPER VISA**) and subsequently deposit the printed forms along with supporting documents, to the Consular Officer at the High Commission of India for Regular/Paper Visa as per the existing practice.

The App is also integrated with e- FRRO (Foreigners Regional Registration Officer) portal, thereby, facilitating foreign nationals to apply for extension of Visa, Residential Permit, and Exit Permit from the concerned FRRO/FRO, while they are still in India. Additional features of the app also include useful information on utility services like details of touristic places, government agencies, transport services, places of entertainment, health services, lodging, food and shopping etc. for the foreigners stay in India smooth and easy. Foreign nationals are free to use either of the option i.e. the online visa portal or the Mobile App **SU-SWAGATAM** for submission of visa applications and seeking e-FRRO services.
